

Subject: Precinct Walking for Parcel Tax Renewal, Measure C – We Need You!

Dear Davis schools supporter,

As part of the plan to win renewal for the parcel taxes (now designated as Measure C) that fund quality programs in our schools, a committee of parents, teachers and experienced campaigners has outlined a very clear strategy to knock on voters' doors also known as "precinct walking."

If we are able to rally 300 volunteer walkers, each walker will only need to knock on approximately 30 doors. We know that 300 is a lot of volunteers, but we know we can do it!

The great news is that most of the voters you will contact are already identified as supporters of the tax. You will simply say hello, show them the ballot and briefly go over the highlights of what the tax will fund. We won't send you out unprepared. As a matter of fact, you will have a brief training, a script to follow and all the materials will be provided.

We will only be walking for two weekends in February. Walking is a critical component of winning the parcel tax renewal election. Walking and phoning in tandem have proven to make the difference in close elections. Thank you in advance for your commitment to keeping our schools exceptional for our kids.

Simply click on the link below to sign up for a weekend day in February when you can walk.
